## RATTLESNAKE RATTLES

These are real Texas Western Diamondback Rattlesnake rattles. We count each fully formed button when determining size. The size in inches is approximate and for reference only. The rattles normally have broken tips and a few buttons can be cracked or broken. They are de-cored and treated with antiseptics. These rattlesnakes are not endangered. None of our rattlesnakes products come from California or Oregon. (*Crotalus atrox*, wild).
